Re: *E Fiber Moab, LLC's Proposed Intrastate Access Tariff Revisions*; Docket No. 22-2618-T01

Dear Ms. Slawson,

The Public Service Commission (PSC) has reviewed E Fiber Moab, LLC's ("E Fiber Moab") proposed initial tariff consisting of Page Nos. 1-50 of its PSC Utah No. 2 Tariff ("Tariff"), filed on June 1, 2022 (the "Filing"). E Fiber Moab submits the Filing in accordance with Federal Communications Commission (FCC) amended rules that implement 8YY access charge reform.<sup>1</sup> E Fiber Moab indicates its proposed Tariff revisions reduce the relevant rates, as required by the FCC's 8YY access charge reform order ("Order"), and requests an effective date of July 1, 2022.

The PSC also reviewed the comments of the Division of Public Utilities (DPU) filed on June 13, 2022. DPU states it has no objections, the proposed revisions appear to comply with the FCC's Order, and therefore recommends the PSC approve them, effective July 1, 2022.

Based on the PSC's review of E Fiber Moab's Filing, DPU's comments and its recommendation, the PSC approves E Fiber Moab's proposed revisions to its Tariff, as filed, effective July 1, 2022.

Sincerely,

/s/ Gary L. Widerburg

PSC Secretary
