MANAGEMENT BIOGRAPHIES

Jack Waters

Chief Executive Officer

Jack Waters has over 30 years' experience in the telecommunications and Internet industry. He has held numerous positions in both executive business roles as well as engineering and operations roles. He has led construction projects for both terrestrial and subsea fiber networks totaling millions of fiber miles being deployed in North America, Europe, and Asia.

Jack currently serves as the Chairman of the board of Digital 9 Infrastructure PLC, a UK London Stock Exchange listed investment trust focused on digital infrastructure. Since inception in March of 2021, he has led the raising of over \$1B from the public markets. The trust has invested over \$500M in digital infrastructure assets including Aquacomms, a subsea fiber company, and Verne Global, an Icelandic data center company.

Most recently, Jack was president of Zayo Networks and chief operating officer (COO) at Zayo Group. In this role, he oversaw the company's global Network business, including the Fiber Solutions, Transport, Enterprise and strategic networks businesses in addition to network operations and security. During his tenure, Zayo networks revenue and EBITDA growth was 5-8% resulting in the super majority of Zayo's exit Enterprise value of ~\$14B. Prior to this role, he served as Zayo's president of Fiber Solutions and chief technology officer (CTO) and achieved Revenue and EBITDA growth of ~8-10%.

Prior to joining Zayo, Jack was CTO at Level 3 Communications, where he was one of the founding senior executives focused on global network technology, architecture, engineering, process and security. He joined Level 3 in 1997 and held numerous leadership roles spanning global operations and engineering and was responsible for the original Level 3 network buildout. Jack's career also includes management positions at MCI Communications and the Southeastern University Research and Academic Network.

Jack has served on the board of directors for the Colorado Technology Association and the Computing Advisory Board at the University of Colorado. He has also served on the Technology Advisory Council for the Federal Communications Commission. He holds a B.S. in Electrical Engineering from West Virginia University and a Master of Science in Electrical Engineering from Johns Hopkins University. Jack speaks frequently at industry events.

Fred Day

President

Frederick Day is a Managing Director in Brookfield's Infrastructure Group. In this role, Mr. Day leads the legal activities of the Infrastructure Group in the U.S. and has legal oversight over Brookfield's infrastructure credit investments and capital markets activities.

Prior to joining Brookfield in 2015, Mr. Day was an associate with a leading law firm.

Mr. Day holds a Juris Doctor degree from the SMU Dedman School of Law, a Master of Business Administration degree from IE Business School and a Bachelor of Arts degree from the University of Houston.

Patrick Hildebrand

Business Development Lead

Patrick Hildebrand has over 20 years' experience in the telecommunications and Internet industry. He has held numerous positions in business development roles and most recently served as Executive Vice President – Commercial Operations of Unitek Global Services, one of the largest telecom engineering and construction corporations in the United States. While at Unitek, Patrick created and led the Business Development team to sell over \$23 million in telecom construction projects.

Prior to joining Unitek, Patrick was Vice President at Zayo Group. In this role, he led a team with sales responsibility of products such as Waves, Dark Fiber, Private Dedicated Networks, IP, and Collocation. During his tenure, Patrick oversaw the development of new products and new product features within the Fiber Product organization. Prior to joining Zayo, Patrick was Senior Director at Level 3 Communications, where he led the Commercial Services organization for both the Europe and United States markets. He joined Level 3 in 2000 and held various sales management roles spanning geographic and product markets.

Patrick holds a Bachelor's Degree in Business Management from the University of Colorado.

Hadley Peer Marshall

Managing Director

Hadley Peer Marshall is a Managing Partner in Brookfield's Infrastructure Group and co-Head of its infrastructure debt business. In this role, Ms. Peer Marshall oversees the origination, execution and asset management of the Firm's infrastructure credit investments in the Americas.

Prior to joining Brookfield in 2015, Ms. Peer Marshall was Co-Head of the project finance and infrastructure group at Goldman Sachs, where she was responsible for originating, structuring, executing and advising on infrastructure and project financings for clients.

Ms. Peer Marshall holds a Master of Business Administration degree and a Bachelor of Science degree from the University of North Carolina at Chapel Hill.

Prior to Brookfield Mr. Bates was Vice President of International Business Development for SBA Communications (NASDAQ: SBAC). During his 15 tenure at SBA Communications the Company's EV grew from <US\$500M to over US\$27B. Prior to SBA, Mr. Bates held several

positions with a private Canadian Telecom developer and managed numerous Telecom related projects mainly in Africa, the Middle East and Latin America.

Ralph Klatzkin

Vice President

Ralph has been employed at Brookfield for more than 8 years, starting in May 2013 until present. He currently holds the title of Senior Vice President and is the head of the tax divisions for infrastructure, MLP, & private equity funds. Prior to Brookfield Ralph was a tax manager specializing in private equity, hedge, and credit funds at LS Power.

Matthew Gross

Vice President

Matthew has been employed by Brookfield for more than 9 years, starting in December 2012 until present. He currently holds the title of Vice President of portfolio management. Matthew additionally was part of the audit committee for Brookfield from January 2013 to November 2013. Prior to this he was a senior manager in the assurance division at Price Waterhouse Coopers for 9 years.

Roberto Marcogliese

Manager

Roberto Marcogliese is a Managing Director in Brookfield's Infrastructure Group. In this role, he is responsible for business development and transaction execution in North America, with a focus on the data sector.

Mr. Marcogliese has held a number of roles within Brookfield, and most recently was the Operating Partner in Europe for Brookfield's Infrastructure Group. Prior to joining Brookfield in 2010, Mr. Marcogliese worked at CIBC Capital Partners, a Toronto-based merchant banking group.

Mr. Marcogliese holds a Bachelor of Commerce degree from McGill University.

Vishal Padiyar

Manager

Vishal Padiyar is a Senior Vice President in Brookfield Infrastructure Group, focused on diligence and asset management for Brookfield's data infrastructure assets. Vishal has over 15 years of experience in telecom infrastructure with prior experience in fixed line and wireless networks across North America. Having started his career at Sprint (Sprint-Nextel), Vishal led the deployment of 3G and 4G networks across the US northeast region, including Sprint's highest revenue generating markets in New York Metro, Washington DC, Boston and Philadelphia. Vishal was a key member of the startup team at Public Mobile, a facilities based wireless startup operator in Canada with operations across Ontario and Quebec, building a network of ~3000 sites covering 20 million pops. Post the sale of Public Mobile to TELUS, Vishal was an executive at BAI Canada, a fiber and distributed antenna system (DAS) operator in the Toronto subway system – building a 144 km fiber network underground (125K strand kms) bringing wired and wireless connectivity to the subway station and tunnel network, with a mandate to provide both consumer connectivity (wireless) and bespoke enterprise and mission critical connectivity solutions (for e.g. connectivity

to fare payment systems, and backup connectivity to automatic train signaling systems). Vishal has been a member of Brookfield's infrastructure team since 2018 – key transactions he has been involved in include a data center carveout in the US, a 150K+ tower carveout in India, and fiber networks in Europe and the APAC region.

Vishal has a Bachelor's of Science in Electrical Engineering (Highest Honors) from Rutgers University, NJ, a Masters in Engineering (Telecoms) from Texas A & M University in College Station, TX and a Masters in Business Administration (MBA) from the Richard Ivey School of Business at the University of Western Ontario in London, Ontario, Canada.

**Fernando Martinez-Caro
Manager**

Fernando Martinez-Caro joined Brookfield in 2014 and is currently an Operating Partner in Brookfield Infrastructure Group, focused on portfolio management for its overall transportation and South American business. Previously, Mr Martinez-Caro oversaw operations in Brazil as the CEO of Quantum, an energy transmission platform fully owned by Brookfield Brazil. Fernando is a Senior business executive with three decades of international leadership experience spanning the engineering, construction, mining and investment sectors in Spain, United Kingdom, United States, Canada and Brazil. His career spans the full life cycle of large infrastructure and mining assets from inception, project delivery to operational excellence. Mr Martinez-Caro sits in several Boards representing Brookfield and oversees some of the largest capex programs in the portfolio

Mr Martinez-Caro has a Bachelor's degree (Magna cum laude) and Master in Engineering (Civil) from the Universidad Politecnica de Madrid. He also holds an Executive MBA degree from IESE Business School (Madrid, Spain).
