Re: Advice Letter
Union Telephone Company
Revised Tariff Sheets to Comply with FCC Requirements
Docket No. 23-054-T01

To The Commission:

In accord with R746-405 of the Rules of the Utah Public Service Commission (Commission), Union Telephone Company (Union) hereby electronically files an original and a redline version of certain revised Tariff Sheets for Access Service, including:

P.S.C. UTAH NO. 3 PART V. PAGE 62, RELEASE: 18
and the redlined cancelled Page, Release 17.

The filing is required as the Federal Communications Commission (FCC) 8YY access charge reform requires all rate-of-return incumbent local exchange carriers (“LECs”) to modify all the originating 8YY rates in the following groups: End Office/Local Switching, Transport, and query charge.¹

Switching:

The FCC order requires LECs to transition their interstate and intrastate toll-free (or 8YY) originating end office access service rates to bill-and-keep over a three-year period. As part of the transition, beginning July 1, 2021, carriers were required to tariff separate rate elements for toll-free and non-toll-free interstate and intrastate originating end office access service. These local switching rates will be reduced to zero in year three (2023) with this filing.

¹ *8YY Access Charge Reform*, WC Docket No. 18-156, Report and Order, 35 FCC Rcd 11594, FCC 20-143 (Oct. 9, 2020) (*8YY Access Charge Reform Order*); 85 Fed. Reg. 75894 (Nov. 27, 2020).

In sum, the purpose of this filing is to adjust the transitional rate defined by the recently enacted FCC order. The proposed changes do not constitute a violation of state law or Commission Rule. The FCC Rules require that the Tariffs become effective on July 1, 2022.

Please contact this office if you have questions concerning the matter.

Sincerely,

Bruce S. Asay
