## **Discussion**

On or about June 28, 2023, Intrado filed a notice with the Commission indicating it will be restructuring and transferring ownership to other entities within the parent company. The Division has reviewed the filing and found the following:

Intrado is a Delaware limited liability company, and its principal place of business is located at 3200 W. Pleasant Run Road, Suite 300, Lancaster, Texas 75146. Intrado received authorization to provide public telecommunications services in the State of Utah by the Commission on May 22, 2020, in Docket No. 20-2617-01. Intrado currently is a wholly owned direct subsidiary of Intrado Communications Holdings, LLC. Which is a wholly owned direct subsidiary of West Technology Group, LLC.

Intrado states that the internal reorganization will transfer ownership of Intrado from West Technology Group to other entities higher in West Technology Group's ownership chain without affecting the ultimate ownership or control of Intrado. This proposed transaction took place on or about June 29, 2023. Intrado also states that following the reorganization, it will continue to provide services to its existing customers pursuant to the same rates, terms, and conditions. Accordingly, this internal reorganization will be imperceptible to the customers and vendors of Intrado and will not result in any discontinuance, reduction, loss, or impairment of service to any customer.

## **Conclusion**

The Division has reviewed the notice filed by Intrado for the restructuring and concludes it is in the public interest; therefore, the Division recommends the Commission acknowledge this notice.
