|
(N)

InterLATA

Communication between two different LATAs.

IntraLATA

Communication within a Local Access Transport Area (LATA).

Kbps

Kilobits per second.

Local Access and Transport Area (LATA)

A geographic area established for the provision and administration of communications service. It encompasses one or more designated exchanges, which are grouped to serve common social, economic and other purposes.

Local Access Provider

A local exchange carrier or other entity which furnishes interconnection facilities between the customer's premises and the Company's point of presence (POP) in a LATA.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.15 OBSOLETE/GRANDFATHERED SERVICES

(N)

Obsolete Services are certain items of service and equipment previously offered elsewhere. Due to obsolescence, these items are no longer suitable to meet current needs of the general public. They will not be furnished as new items of service or equipment to any customer or applicant except where they are required to fully utilize the installed common equipment capacities of existing systems.

Changes, additions, or transfer of service will not be permitted on accounts associated with a grandfathered bundle or package or other grandfathered feature or service. This change does not impact services or features currently provided on grandfathered accounts. A grandfathered service is one that is no longer sold, and availability is limited to lines currently in service at existing locations. Changes, additions, or transfer of service will be allowed when customers migrate from a grandfathered service to a currently available service. Customers may remove any service or feature from their accounts at any time; however, grandfathered services removed may not be subsequently reinstated.
