8. PRIVATE LINE SERVICE OFFERINGS

The following non-private line service is provided by CenturyLink Communications, LLC (f/k/a Qwest Communications Company, LLC d/b/a CenturyLink QCC).

8.1 PRIVATE LINE SERVICE – GRANDFATHERED [1]

(C)

A. General Description

1. CenturyLink’s domestic Private Line Service is a point-to-point physical link between two Company Points of Presence (POP) located on the CenturyLink domestic network. The link provides interLATA dedicated non-switched electrical and/or optical transmission.
2. The service provides a fixed capacity of bandwidth for transport of the customer’s digital communications traffic. The service uses and conforms to Synchronous Optical Network standards that originate and terminate a physical connection at a specified Company demarcation point located in the CenturyLink POP (POP). Service extends to and includes the equipment maintained by the Company at the Company network interface points located in the POP.
3. Private Line transmission speeds range from the DS0 level up to and including OCN speeds. Circuits at DS0, DS1, Fractional DS1 up to 512 kbps, DS3, OC3, OC12 and OC48 levels may be available between any two POP locations within the state. Provision of Private Line circuits are subject to facilities and capacity availability.

(M)

(M)

[1] Effective June 1, 2025, Private Line Service will no longer be available to new customers or for new orders from existing customers, including any Moves, Adds or Changes. Customers with services under existing contracts will continue to be supported as required until the expiration of the contract. Contracts will not be renewed. Service terms will expire at the end of the current applicable service term.

8.1 PRIVATE LINE SERVICE – GRANDFATHERED (Cont'd)

(C)

B. Terms and Conditions

(M)

1. Services are also governed by the Terms and Conditions contained in the Company's Rates and Services Schedule.
2. CenturyLink shall bill the customer on a monthly basis at the customer's designated site in the state. The customer is billed one month in advance for all monthly recurring charges due under this Agreement, in addition to the retroactive billing for the first partial month of service. Nonrecurring charges (NRCs) usually appear on the bill following the installation of or change in service that generated the NRCs. Failure to timely bill the customer for any amounts due hereunder shall not be deemed a waiver of CenturyLink's rights to payment for such charges.
3. Private Line Service is available under the Total Advantage, Q.guaranteed and Q.Integrity service offerings. Terms and conditions for the provision of the Company's Private Line Service, including, without limitation, monthly recurring and nonrecurring rates, discounts, usage minimums, and term commitments are set forth in the Price List sections applicable to these product offerings.

(M)

C. Rates and Charges

1. Q.guaranteed and Q.Integrity Private Line circuits, all speeds and capacities, are priced at a fixed and variable monthly recurring charge (MRC) based upon line speed, central office connection and the V&H miles between the nearest available POP to the customer or end-user locations. V&H is determined by the NPA/NXX of the locations.
2. Total Advantage Private Line circuits are priced at a fixed recurring charge based upon line speed and the V&H miles between two Company POPs.
3. Rates specified in this Price List for CenturyLink services requiring dedicated access do not include access and access-related charges, including, without limitation, installation charges, inside wiring charges assessed by the Incumbent Local Exchange Carrier, construction charges assessed by the Incumbent Local Exchange Carrier, and distance and termination charges assessed by the Incumbent Local Exchange Carrier. Therefore access and access related charges are additional charges.
4. OCN pricing will be on an Individual Case Basis (ICB). Pricing will be based on a 150 mile minimum circuit. Therefore, circuits with V&H mileage between the 13 customer sites of less than 150 miles will be billed the minimum of 150 miles.

8.2 TOTAL ADVANTAGE – GRANDFATHERED [1]

(C)

A. General Description

Total Advantage is a suite of business communication services offering flat rates based on term and minimum usage commitments. Total Advantage is designed for new businesses with monthly revenue between \$500.00 to \$75,000.00 or annual revenue between \$12,000.00 and \$900,000.00 of Contributory and Discounted Services. It is available on a month-to-month basis, 1-year, 2-year, or 3-year term commitment. The terms have commitment levels as set forth below.

B. Terms and Conditions

Services are also governed by the Terms and Conditions contained in the Company's Rates and Services Schedule.

1. Minimums

- a. Each customer must select either a minimum usage commitment per month (Minimum Monthly Commitment) or an annual usage commitment per 12-month period (Annual Minimum Commitment).
- b. If, during any Annual Period of the term commitment, the customer's total usage of Total Advantage Service falls below the Annual Minimum Commitment, the customer will be billed the actual amount for the service used plus the difference between that amount and the Annual Minimum Commitment. For customers who sign a 1-year, 2-year or 3-year Annual Minimum Commitment term, the Annual Period will begin on the first day of the second billing cycle following the customer's enrollment for service.
- c. If a customer selecting a Monthly Minimum Commitment has billed usage charges less than the required Monthly Minimum Commitment during any month's invoice, the customer will be required to pay the difference between the Monthly Minimum Commitment and the actual billed charges. For customers who sign a 1-year, 2-year or 3-year term commitment, this requirement will be applied with the fourth full month's invoice.

[1] Effective June 1, 2025, Private Line Total Advantage service will no longer be available to new customers or for new orders from existing customers, including any Moves, Adds or Changes. Customers with services under existing contracts will continue to be supported as required until the expiration of the contract. Contracts will not be renewed. Service terms will expire at the end of the current applicable service term.

3. Early Termination Charges

- a. Customers who terminate their monthly term commitment prior to the completion of the initial term and do not provide written notification to the Company, will be billed and required to pay termination charges calculated using the following method:
 - Taking the number of full months remaining in the current Annual Period in which the customer terminates the agreement, multiplied by the Monthly Usage Minimum, plus,
 - 35% of the Monthly Usage Minimum, multiplied by the number of months, if any, remaining in the then-effective term, (other than the number of months referenced in the preceding paragraph), plus,
 - any applicable third-party early termination or related charges or penalties incurred by the Company as a result of early termination by the customer of the services.
- b. Customers who terminate their annual term commitment prior to the completion of the initial term and do not provide written notification to the Company, will be billed and required to pay termination charges calculated using the following method:
 - Taking the Minimum Annual Commitment less the actual Annual Revenue generated during the Annual Period in which the customer terminates the enrollment, plus,
 - 35% of the Annual Minimum Commitment, multiplied by the number of Annual Periods remaining in the then-effective term, (other than the Annual Period referred to in the section immediately preceding) if any, plus,
 - Any applicable third-party early termination or related charges or penalties incurred by the Company as a result of the customer's early termination.

8. PRIVATE LINE SERVICE OFFERINGS

8.5 Metro Private Line Service – **GRANDFATHERED [1]**

(C)

A. Description

Metro Private Line Service (MPL) provides dedicated, point-to-point, private line connections between two customer locations, over a shared, high capacity fiber-optic network. The locations can be single-customer buildings, multi-tenant units or carrier POPs. The service is available only to end user business customers.

MPL Service is provided as follows:

1. On-Net to On-Net is an arrangement where both ends of the service originate in buildings using facilities that are provisioned by the Company. This service is provided at speeds of 1.544 Mbps (DS1), 44.736 Mbps (DS3), 155.52 Mbps (OC3), 622.08 Mbps (OC12) and 2.488 Gbps (OC48).

Concatenated OC3C, OC12C and OC48C are also offered. Concatenated services are not multiplexed or channelized. The entire bandwidth of the service is available to the customer for maximum transmission throughput.

2. On-Net to Off-Net is an arrangement where service is provisioned using a combination of On-Net facilities provided by the Company, and facilities that are owned and operated by a third party provider, which is considered Off-Net. The Company will order Off-Net facilities on the customer's behalf. This arrangement is provided for DS1 through OC12 only.

B. Terms and Conditions

Availability

- MPL Service can only be provided where suitable facilities are available.
- Where suitable facilities are unavailable for provisioning of the service, but the Company agrees to provide service, special construction of the facilities may be necessary and Special Construction charges may apply.
- OC48 is not provided on an Off-Net basis.

[1] Effective June 1, 2025, Metro Private Line Service will no longer be available to new customers or for new orders from existing customers, including any Moves, Adds or Changes. Customers with services under existing contracts will continue to be supported as required until the expiration of the contract. Contracts will not be renewed. Service terms will expire at the end of the current applicable service term.

8.5 METRO PRIVATE LINE SERVICE – GRANDFATHERED (Cont’d)

(C)

C. Rate Elements

1. Mileage

Mileage provides for the transmission facilities between two customer POTs. Mileage is comprised of a fixed rate element and a per mile rate element. Mileage is measured by airline miles between the customer’s Points of Termination (POT), using the V & H Coordinates method.

2. Multiplexing

Multiplexing provides the ability to convert a higher speed channel to several lower speed channels, or to combine several lower speed channels into a single higher speed channel. Multiplexing is offered to On-Net to On-Net customers only. The multiplexing hierarchy, is as follows:

- DS3 channelizes to 28 DS1s
- OC3 channelizes to 3 DS3s
- OC12 channelizes to 4 OC3s
- OC48 channelizes to 4 OC12s

There are two types of multiplexing:

- Customer premises multiplexing, where the signal will be dropped to a lower bandwidth to different areas of a building, or
- Vendor multiplexing, that occurs in the carrier POT and gives the vendor different speed signals.

3. Node

The Node provides for the communication path between a customer’s designated premises and the POT to the CenturyLink network. A Node element applies per service, e.g. DS1 or DS3 terminated at the customer’s premises.

D. Rates and Charges

Rates and Charges for MPL will be developed on an Individual Case Basis (ICB) arrangement in response to a bona fide request for service from a customer or prospective customer. ICB rates will be offered to customers in writing and will be made available to similarly situated customers.
