2024 Annual Report of Carbon/Emery
Telcom, Inc.

DOCKET NO. 25-2302-01

ORDER APPROVING 2026 DISTRIBUTION

ISSUED: December 26, 2025

BACKGROUND

Between April 15 and April 24, 2025, Carbon/Emery Telcom, Inc. ("Carbon/Emery") filed its Annual Report and supporting documents for Calendar Year 2024 (collectively, the "Report") with the Public Service Commission (PSC). On September 3, 2025, the Division of Public Utilities (DPU) filed its initial recommendation for the 2026 Utah Universal Public Telecommunications Service Support Fund ("UUSF") calendar year distribution. On September 5, 2025, the PSC issued a Notice of Filing and Comment Period, allowing intervention as provided therein and seeking comments on DPU's initial recommendation on or before October 6, 2025. No intervention was sought and no comments were filed.

On October 28, 2025, DPU filed its final comments which included final recommended UUSF annual disbursements, consistent with Utah Admin. Code R746-8-401(10)(e). On November 4, 2025, the PSC issued a Notice of Comment Period establishing November 17, 2025, as the closing date for challenges to DPU's final recommendation, in accordance with Utah Admin. Code R746-8-401(10)(f). No challenges to that final recommendation were filed.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

Utah Admin. Code R746-8-401 requires DPU to make annual recommendations to the PSC for adjustments to the monthly UUSF distribution to each provider based on an established Federal Communications Commission rate of return and the provider's most recent financial information reflected in its annual report filed with the PSC. DPU recommends a decrease of \$1,605,730.65 to the prior year's UUSF distribution for Carbon/Emery (i.e., \$3,115,153). Specifically, in calculating Carbon/Emery's eligibility for the UUSF distribution, DPU's analysis included, but was not limited to, operating costs and revenues, rate of return, state and federal income taxes, depreciation, federal USF excluded costs, UUSF eligibility, accumulated deferred income taxes, and federal USF assistance. DPU recommends a 2026 UUSF calendar year distribution for Carbon/Emery in the amount of \$1,509,422.35¹ to be distributed in twelve monthly payments of \$125,785.20.² As illustrated in Exhibit A, the 2026 UUSF distribution for Carbon/Emery is a 51.55% decrease from its 2025 distribution.

Based on the Report and DPU's review, investigation, analysis, and uncontested final recommendation, we find Carbon/Emery's costs reasonable and DPU's
