Re: **Docket No. 25-2476-01:** In the Matter of the Application of Bresnan Broadband of Utah, LLC, for the Termination of a Certificate of Public Convenience and Necessity to Provide Public Telecommunications Services within the Cedar City Exchange in and around Cedar City, Utah

Recommendation (Approval)

The Division of Public Utilities (“Division”) has reviewed the request by Bresnan Broadband of Utah, LLC (“Bresnan”) to have its Certificate of Public Convenience and Necessity (“CPCN”) to provide public telecommunications services terminated within the Cedar City exchange in and around Cedar City, Utah and recommends the Public Service Commission (“Commission”) grant this request.

Discussion

On January 13, 2025, Bresnan filed with the Commission a request to have its Certificate of Public Convenience and Necessity terminated for the Cedar City exchange in and around Cedar City, Utah. The Division has reviewed this request and found the following:

Bresnan was issued a Certificate to provide telecommunications services within the Cedar City exchange in and around Cedar City, Utah on September 26, 2007, in Docket No. 07-2476-02.

In reviewing Bresnan's annual reports for the past several years, it appears to confirm its claim of zero customers and therefore, no customers to send notice to.

Conclusion

The Division has reviewed Bresnan's application, and it appears it has complied with the rules for exiting as required under Administrative Rule R746-350. The Division recommends that the Commission grant its request.

cc: Angela Franklin, Attorney for Bresnan Broadband of Utah, LLC.
