Re: **Docket No. 25-2658-01:** Application of LTE Wireless Inc. for Designation as an Eligible Telecommunications Carrier Pursuant to 47 U.S.C. § 214(e).

Recommendation (No Action)

The Division of Public Utilities ("Division") does not have a recommendation at this time. LTE Wireless, inc. ("LTE" or "Applicant") failed to provide a representative for two scheduling conferences held during the month of October. The Division recommends that the Public Service Commission ("Commission") do nothing at this time.

Discussion

On or about September 14, 2025, LTE filed a petition with the Commission to become an Eligible Telecommunications Carrier ("ETC") in the State of Utah. The Commission sent out a Notice of Virtual Scheduling Conference on September 15, 2025, which the Applicant failed to attend. The Commission sent out a new request for a Virtual Scheduling Conference to be held the following week on September 30, 2025. LTE failed to attend again.

Conclusion

The Division of Public Utilities (“Division”) does not have a recommendation that this time. LTE failed to attend two different scheduling conferences during the month of October. The Division recommends that the Commission do nothing at this time.

cc. Faizal Hassad, Manager, LTE Wireless, Inc.
