Mr. Hardy,

I have received your email requesting withdrawal of LTE Wireless Inc.'s ("LTE") petition for designation as an ETC in Utah. That request was also filed with the PSC.

This request has deficiencies that need to be remedied before it will be considered. The PSC has nothing on file indicating that you, Patrick Hardy, have the authority to take the action the request seeks, and then compounding this deficiency is that the actual request document is unsigned by the person of authority at LTE, Faizel Hassad, and the "Declaration" accompanying the request is similarly unsigned by Faizel Hassad.

Accordingly, please promptly file with the PSC appropriately signed documents in support of the request. That request will then be considered in due course.

Thank you,

John Delaney
