Re: Docket No. 26-043-T01, *Gunnison Telephone Company's Proposed Tariff Revisions*

Dear Ms. Spears,

The Public Service Commission ("PSC") has reviewed Gunnison Telephone Company's ("Gunnison") proposed Tariff Revisions to its interstate switched access rates dated June 1, 2026, (the "Tariff Revisions"). Gunnison made the Tariff Revisions to comply with current Federal Communications Commission ("FCC") rules governing intercarrier compensation. In accordance with the National Exchange Carrier Association ("NECA"), interstate switched access rates are expected to decrease, effective July 1, 2026.[1] Gunnison submitted the Tariff Revisions to adjust its switched access rates to be at parity with, or less than, the anticipated NECA rates.

The PSC also reviewed the comments filed by the Division of Public Utilities (DPU) on June 5, 2026. DPU states it has reviewed the proposed Tariff Revisions and relevant FCC rules regarding capped interstate switched access rates. DPU finds that the Tariff Revisions reduce Gunnison's intrastate switched access rates such that they remain at parity with, or less than, NECA's anticipated interstate switched access rates. DPU has no objections to the proposed revisions and recommends the PSC approve the Tariff Revisions as filed, effective July 1, 2026.

[1] See *In the Matter of Connect America Fund, et al.,* WC Docket No. 10-90 *et al.,* Order DA 13-5645 (rel. March 27, 2013).

Based on the PSC's review of the proposed Tariff Revisions and DPU's comments and recommendations, the PSC approves the Tariff Revisions as filed, effective July 1, 2026. If NECA rates approved by the FCC differ from those proposed in the Tariff Revisions, Gunnison is directed to file new tariff revisions reflecting such FCC-approved NECA rates and they shall be deemed approved.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
