**5.4.7 INTRACALL SERVICE - GRANDFATHERED**

Effective February 1, 2021, this service is limited to existing customers at existing locations.

**A. Description**

The *INTRACALL* Service allows an individual access line, non-complex residence or business customer to use the line as an intercom system. This feature is activated when the customer dials their own number from any station on the line, receives a busy signal and hangs up. Upon hanging up, all stations on the line will ring. Two or more stations may speak over the intercom line.

**B. Terms And Conditions**

1. If the customer has call waiting, the feature will be deactivated for the duration of the intercom call.
2. If the customer has call forwarding, and the feature is activated, all *INTRACALL* Service calls will also be forwarded.
3. This service is furnished only in CO areas where adequate and suitable facilities are available.
4. *INTRACALL* Service is not offered with hunting service or combination service arrangements 2 and 3.

**C. Rates and Charges**

1. The following nonrecurring charge applies per line to establish. These charges are in addition to the basic rates and charges for the service with which it is associated.
2. The nonrecurring charge will not apply when *INTRACALL* is established at the same time a custom calling feature is established or changed.

**5.4.10 CUSTOM RINGING SERVICE (A.K.A. CUSTOM RING)**

**B. Terms and Conditions (Cont'd)**

6. When the customer's access line is equipped with Call Forwarding, the customer can choose one of the following options:
- To have Call Forwarding only on the access line number, or
  - To have all Custom Ringing Service numbers forwarded with the access line number.

This choice is made, or changed, at the time the customer places an order with the Company. Call Forwarding rates apply only to the access line number. Distinctive ringing will not be heard at the forwarded location.

**C. Rates and Charges**

This service is subject to the terms and conditions, rates and charges applicable to other exchange services and is in addition to the basic rates and charges for the service with which it is associated.

C. Audible/Visual

1. Description

Message Waiting Indication - Audible/Visual is a feature whereby a subscriber will hear an audible interrupted tone when lifting the telephone receiver and see a visual alerting signal giving an indication of a message waiting. The signal will be initiated by the subscriber's Message Delivery Service provider, or other provider source capable of initiating the signal, over the subscriber's telephone line. The subscriber may call the provider for their message or ignore the signal and place a call. The tone and visual signal will continue until the message has been retrieved. The provider or subscriber must provide the visual device.

2. Terms and Conditions

- a. Each subscriber must have their line programmed to accept Message Waiting Indication - Audible/Visual.
- b. The provider must subscribe to Message Delivery Service or other source capable of initiating the signal in order for this feature to function.

3. Rates and Charges

- a. The rates and charges for this service are in addition to all rates and charges for the associated underlying service.
- b. The nonrecurring charge to change the service is the same as the charge to install it.
- c. Only one nonrecurring charge will apply when Message Waiting Indication - Audible/Visual and Custom Calling features are ordered at the same time, for the same customer, on the same line.
