Re: **Docket No. 26-2515-01:** Notice of Broadvox – CLEC, LLC's Voluntary Relinquishment of its Certificate of Public Convenience and Necessity.

Recommendation (Approval)

The Division of Public Utilities ("Division") has reviewed the request by Broadvox-CLEC, LLC ("Broadvox" or the "Company") for relinquishment of its Certificate of Public Convenience and Necessity ("CPCN" or "Certificate") to provide Local Exchange Services in the State of Utah cancelled and recommends the Public Service Commission ("Commission") grant this request.

Discussion

On or about July 28, 2026, Broadvox filed with the Commission to relinquish its CPCN. The Division has reviewed this request and found the following:

Broadvox was issued a Certificate to provide telecommunications services in Utah on February 09, 2010, in Docket No. 09-2515-01.

In Broadvox's notice for relinquishment it has stated that it no longer provides regulated telecommunication services in the state. The Company further states that cancelling its CPCN will not harm the public interest as it no longer has regulated telecommunication customers in Utah. Investigation by the Division shows that the last Annual Report filed by the Company that contained customers was in 2017.

Based on the information given by the Company and the research done by the Division, it appears it has complied with the rules for exiting the State as required under Administrative Rule R746-350. Broadvox did not file a copy of the notice to discontinue service with its customers as it has none.

Conclusion

Based on the Division's review of the notice, we conclude that Broadvox has complied with the rules under Administrative Rule R746-350 and recommends the Commission grant this request for the relinquishment of its CPCN.
