If you would like to make any additional comments, please do so here (feel free to continue your comments on the back of this page if you require additional space):

It would be a lot of trouble for millions  
of ordinary people, including children,  
to have to remember and dial an extra  
3 digits to call their neighbors.

Thank you.

If you would like to make any additional comments, please do so here (feel free to continue your comments on the back of this page if you require additional space):

I do not like the overlay proposal. It seems absurd to force everyone to dial 10-digit numbers when another possibility is available. The inconvenience to businesses who must change stationary and business cards is momentary. The inconvenience to everyone of dialing 10-digit numbers is forever

I PREFER SPLIT BUT IF OVERLAY  
HAPPENS I PREFER HAVING 1 + 10 DIGS  
FOR LONG DISTANCE (TOLL) AND 10 DIGS LOCAL.  
IF SPLIT HAPPENS I WOULD RECOMMEND  
PUSHING NORTH BOUNDARY NORTH TO NORTH  
EDGE OF BOUNTIFUL RATE CENTER

Thank you.
