ISSUED: August 31, 2000

SYNOPSIS

By this Report and Order, the Public Service Commission of Utah (the "Commission") grants the request of ONRAMP TELECOM, LLC., ("Applicant") for a Certificate of Public Convenience and Necessity ("Certificate") authorizing Applicant to provide interexchange, local exchange, and operator services within the service territory of Qwest Corporation within the State of Utah. The Commission, having considered the record in this proceeding and the applicable law, hereby makes, adopts, and enters the following Report and Order.

-----

By the Commission:

PROCEDURAL HISTORY

ONRAMP TELECOM, LLC, ("Applicant") filed its Application for Authority to Provide Local Exchange Service on May 12, 2000, pursuant to Utah Code Annotated § 54-8b-1.1 *et. seq.*, and Title 63, Chapter 46b of the Utah Administrative Procedures Act. Qwest Corporation ("Qwest") fka U.S. West Communications, Inc., the Incumbent Local Exchange Carrier ("ILEC") has been notified of the Application and has filed a petition to intervene. Qwest does not oppose the Application per se, but wishes to raise the issue of flexible pricing for itself in light of the prospective enhanced competition and, as a condition of certification, to require the Applicant to make certain disclosures to Qwest.. *Since the Commission is in the process of resolving the issue of Qwest's pricing flexibility in a separate proceeding, and the disclosures sought by Qwest are matters of public record, we decline to grant the relief Qwest seeks. We do not perceive the need for an evidentiary hearing in this Docket. The Administrative Law Judge, having been fully advised in the premises, enters the following Report, containing proposed Findings of Fact, Conclusions of Law, and the Order based thereon.*
