In the Matter of the Application of CERISTAR, INC.,)
for a Certificate of Convenience and Necessity to)
Provide IP (Internet Protocol) Facilities-Based)
Interexchange Services Within the State of Utah)

DOCKET NO. 01-2380-01
SECOND ERRATUM NOTICE AND
REQUEST FOR COMMENTS

ISSUED: December 14, 2001

By the Commission:

Existing telecommunications carrier will please take notice that the Commission has pending before it an application by CeriStar, Inc. for authority to provide broadband service, including voice and video, over the internet. The applicant proposes to provide resold local exchange services in connection with its broadband internet offerings. That aspect of the Applicant's proposed offerings appears novel, and the Commission by this notice solicits comments on the proposed service from carriers already operating in Utah. However, the Applicant has informed the Commission of certain exigencies relating to its proposed Utah operations which have moved the Commission to shorten the comment time by a week.

The application is available for inspection at the Commission Offices. Carriers wishing to comment may file written comments on or before Friday, December 21, 2001.

Dated at Salt Lake City, Utah, this 14th day of December, 2001.

/s/ Stephen F. Mecham, Chairman

/s/ Constance B. White, Commissioner

/s/ Richard M. Campbell, Commissioner
