REPORT AND ORDER

ISSUED: October 28, 1999

SYNOPSIS

By this Report and Order, the Public Service Commission of Utah (the "Commission") grants the request of DIECA COMMUNICATIONS, INC., dba COVAD COMMUNICATIONS COMPANY ("Applicant") for a Certificate of Public Convenience and Necessity ("Certificate") authorizing Applicant to provide switched and dedicated, resold and facilities based local exchange and facilities based interexchange services within the State of Utah.

By The Commission:

PROCEDURAL HISTORY

DIECA COMMUNICATIONS, INC., dba COVAD COMMUNICATIONS COMPANY ("Applicant"), filed its Application for a Certificate of Public Convenience and Necessity to Provide Switched and Dedicated, Resold and Facilities Based Local Exchange and Facilities Based Interexchange Services within the State of Utah on May 7, 1999, pursuant to Utah Code Ann. § 54-8b-1.1 *et. seq.*, and Title 63, Chapter 46b of the Utah Administrative Procedures Act. All Incumbent Local Exchange Carriers (ILECs), including U.S. WEST COMMUNICATIONS, INC. ("USWC"), have been notified of the Application. USWC did not protest the application *per se*, but wished to intervene to raise the issue of its own pricing flexibility. Since the Commission has agreed to hear that issue in a separate proceeding, and USWC has declared itself as amenable to that procedure, USWC's intervention in this matter is denied. Since there appears to be no opposition, and Applicant has made out its *prima facie* case in support of the application, there appears to be no reason to convene an evidentiary hearing on the matter. Accordingly, the Administrative Law Judge, having been fully advised in the premises, enters the following Report, containing proposed Findings of Fact, Conclusions of Law, and the Order based thereon.

FINDINGS OF FACT

9. In its provision of intrastate services, Applicant will be subject to competition from USWC and other certified local exchange providers.
10. Applicant's service offerings will provide customers with a wider range of choices in meeting their telecommunications needs and will support the development of competition.
11. The issuance of a Certificate to Applicant to provide public telecommunications services is in the public interest.
12. The reporting requirements in Exhibit B attached hereto are in the public interest and should be binding upon Applicant until modified by the Commission.
