DOCKET NO. 99-2282-01

REPORT AND ORDER

ISSUED: August 26, 1999

SYNOPSIS

By this Report and Order, the Public Service Commission of Utah (the "Commission") grants the request of ACCELERATED CONNECTIONS, INC. ("Applicant" or "ACI"), for a Certificate of Public Convenience and Necessity ("Certificate") authorizing Applicant to provide local exchange services within the State of Utah, except within any local exchange with fewer than 5,000 access lines that is owned or controlled by an incumbent telephone corporation with fewer than 30,000 access lines within the State. The Commission, having considered the record in this proceeding and the applicable law, hereby makes, adopts, and enters the following Report and Order.

By The Commission:

PROCEDURAL HISTORY

ACCELERATED CONNECTIONS, INC. ("Applicant" or "ACI"), filed its Application for Authority to Provide Local Exchange Service on June 23, 1999, pursuant to Utah Code Annotated § 54-8b-1.1 *et. seq.*, and Title 63, Chapter 46b of the Utah Administrative Procedures Act. After reviewing the Application, the Division of Public Utilities recommended approval of the Application to the Commission in a letter received August 12, 1999. Based on the Division's recommendation, the Commission granted approval of the Application on

August 17, 1999, with the condition that the Order would not be effective for a minimum of 20 days ("Notice Period") after the date of issuance of the Order. On August 20, 1999, Applicant filed a Petition for Waiver of the 20-Day Notice Period pursuant to Rule 746-110-2, which Petition was approved by this Commission. Accordingly, the Administrative Law Judge, having been fully advised in the premises, enters the following Report, containing proposed Findings of Fact, Conclusions of Law, and the Order based thereon.

FINDINGS OF FACT

1. Applicant is a Delaware corporation qualified to do business in Utah.
2. Applicant has requested that the Commission grant a Certificate of Public Convenience and Necessity authorizing it to provide local exchange service throughout the State of Utah, except within any local exchange of fewer than 5,000 access lines that is owned or controlled by an incumbent telephone corporation with fewer than 30,000 access lines within the State.
3. Applicant will utilize its managerial and technical expertise to support its Utah operations.
4. Applicant has sufficient technical resources and abilities to provide the public telecommunications services for which it has applied for a Certificate.

5. Applicant has sufficient managerial resources and abilities to provide the public telecommunications services for which it has applied for a Certificate.
6. Applicant has a secure and sufficient source of funding for its Utah operations that will enable it to meet projected capital and operating expenses and to implement its business plans.
7. Applicant has sufficient financial resources and abilities to provide the public telecommunications services for which it has applied for a Certificate.
8. Applicant has agreed to suspend any activity as a certified telecommunications company in Utah in the event any interested party objects to ACI's certification within 20 days of the issuance of this Order.
9. In its provision of intrastate services, Applicant will be subject to competition from USWC and other certified local exchange providers.
10. Applicant's service offerings will provide customers with a wider range of choices in meeting their telecommunications needs and will support the development of competition.
11. The issuance of a Certificate to Applicant to provide public telecommunications services is in the public interest.
12. The reporting requirements in Exhibit B attached hereto are in the public interest and should be binding upon Applicant until modified by the Commission.

CONCLUSIONS OF LAW

1. It is in the public interest to convert this matter to an informal proceeding, pursuant to § 63-46b-4(3), UCA 1953, as amended.
2. Applicant meets each of the statutory requirements (§§ 54-8b-2.1, *et. seq.* UCA 1953, as amended) for issuance of a Certificate as a telecommunications corporation.
3. Applicant meets each of the statutory requirements (§§ 54-8b-2.1, *et. seq.*, UCA 1953, as amended) for authorization to provide the public telecommunications services for which it seeks a Certificate.
4. The issuance of a Certificate to Applicant to provide the telecommunications services for which it has applied is in accord with the legislative policy declarations set forth in Utah Code § 54-8b-1.1.

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED as follows:

This matter be, and it is, converted to an informal proceeding pursuant to § 63-46b-4(3), UCA 1953, as amended.

The Commission hereby grants to ACI the Certificate that is attached hereto as Exhibit A and by this reference made a part of this Report and Order.

ACI shall provide reports to the Commission and to the Division of Public Utilities, Utah Department of Commerce, as set forth in Exhibit B and by this reference made part of this Report and Order; provided, nevertheless, that as an additional requirement, since Applicant's parent corporation is already a certificated telephone corporation in Utah, the regulated utility shall keep book and records separate from those of Applicant.

ACI is exempt from certain provisions of the Utah Code and the Commission's Rules and Regulations, as set forth in Exhibit B.

Any person aggrieved by this Order may petition the Commission for review within 20 days of the date of this Order. If

there are any objections made within 20 days of the date of this Order, ACI agrees to suspend all operations as a certified telecommunications company until all objections are resolved. At such time, ACI may petition for reinstatement as a certified telecommunications company.

DATED at Salt Lake City, Utah, this 26th day of August, 1999.

ISSUED: August 26, 1999

By The Commission:

The Public Service Commission of Utah, pursuant to the Utah Code Ann. §§ 54-8b-2.1, *et. seq.*, hereby issues a Certificate of Public Convenience and Necessity authorizing ACCELERATED CONNECTIONS, INC. ("ACI"), to provide local and interexchange services and other public telecommunications services, including facilities-based as well as resold services, anywhere within the State of Utah, as described in Exhibits which shall be filed effective ten (10) days after filing, except within any local exchange with fewer than 5,000 access lines that is owned or controlled by an incumbent telephone company with fewer than 30,000 access lines within the State. The Exhibits shall define the service territory in the State and shall specify the public telecommunications services offered.

ACI shall file a revised Exhibit at such time as said grantee intends to expand or otherwise change the public telecommunications services it offers or the geographic area in which it offers public telecommunications services within the State.

U.S. West Communications, Inc., or the Division of Public Utilities, Utah Department of Commerce, may file a Request

for Agency Action that seeks to expand or contract the definition of said grantee's service territory as specified in any Exhibit filed in accordance with this Certificate. The mere filing of a Challenge to the Exhibit shall not suspend its effectiveness. No suspension or charge of an Exhibit can occur without a hearing. No hearing shall be required if a challenge to the Exhibit is not filed. The Commission shall after notice and hearing have the right, jurisdiction, and power to require said Grantee to refile the Exhibit in accordance with the Commission's decision on the proper definition of said grantee's service territory.

DATED at Salt Lake City, Utah, this 26th day of August, 1999.

EXHIBIT B

I. Annual Report

ACCELERATED CONNECTIONS, INC. ("ACI"), shall file an Annual Report, which shall be subject to a Protective Order issued by the Commission, on or before March 31 of each year, unless said grantee requests and obtains an extension. The Annual Report shall contain the following:

A. Annual Revenues from operations attributable to the State of Utah by major service categories. Such information would be provided on a "Total Utah" and "Utah Intrastate" basis. "Total Utah" will consist of the total of interstate and intrastate revenues. "Utah Intrastate" will reflect only revenues derived from intrastate tariffs, price lists, or contracts. Both Total Utah and Intrastate Utah revenues shall be reported according to at least the following classes of service:

- (1) private line and special access,
- (2) business local exchange,
- (3) residential local exchange,
- (4) measured interexchange, and
- (5) vertical services.

Business local exchange, residential local exchange, and vertical service revenue will be reported by geographic area, to the extent feasible.

B. Annual Expenses and Estimated Taxes attributed to operations in the State of Utah.

C. Year End Balances by Account for Property, Plant, Equipment, Annual Depreciation, and Accumulated Depreciation for telecommunications investment in Utah. The Actual Depreciation Rates which were applied in developing annual and accumulated depreciation figures shall also be shown.

D. Financial Statements maintained in accordance with generally accepted accounting principles in the ordinary course of business. These financial statements shall at a minimum include an income statement, balance sheet and statement of cash flows.

E. **List of Services** offered to customers and the geographic areas in which those services are offered. This list shall be current and shall be updated whenever a new service is offered or a new area is served.

F. **Number of Access Lines in Service** by geographic area, segregated between business and residential customers.

G. **Number of Messages and Minutes of Services** for measured services billed to end users.

H. **List of Officers and Responsible Contact Personnel** updated annually.

I. **Chart of Accounts.** In addition to the foregoing, said grantee will provide its chart of accounts as existing and updated (no less than annually). Said Grantee will also work with the Division in good faith to develop a method of estimating intrastate expenses and investments.

II. Applicable Statutory Provisions and Exemptions from Statutes and Waiver of Regulations.

As a competitive local exchange carrier ("CLEC"), ACI should be exempted from the following statutory provisions and regulations:

A. Exemptions from Title 54

54-3-8, 54-3-19 -- Prohibitions of discrimination

54-7-12 -- Rate increases or decreases

54-4-21 -- Establishment of property values

54-4-24 -- Depreciation rates

54-4-26 -- Approval of expenditures

B. Waivers of Regulations

R746-340-2(D) -- Uniform System of Accounts (47 C.F.R. 32)

R746-340-2(E)(1) -- Tariff filings required

R746-340-2(E)(2) -- Exchange Maps

R746-341 -- Lifeline⁽¹⁾

R746-344 -- Rate case filing requirements

R746-401 -- Reporting of construction, acquisition and disposition of assets

R746-405 -- Tariff formats

R746-600 -- Accounting for post-retirement benefits

III. Obligations with Respect to Provision of Services.

As a reseller and facilities based provider of local exchange telecommunication service, ACI agrees to provide service within specified geographic areas upon reasonable request and subject to the following conditions:

A. ACI's obligation to furnish service to customers is dependent upon the availability of their own facilities or suitable facilities on the networks of its underlying carriers (e.g., U.S. West Communications, Inc.). ACI will provide a map identifying the areas within the state of Utah where it is offering service through resale. The map will be updated no less frequently than annually.

B. ACI will only be responsible for the operation and maintenance of services that it provides.

IV. Modification

It is anticipated that to the extent such requirements impact competitive entry or impact effective competition that they will be subject to the rulemaking requirements of the Utah Code Ann. § 54-8b-2.2 and that the provisions set forth herein shall be superseded by any such rule adopted by the Commission.

1. This regulation would be waived only until the Commission establishes Lifeline rules that may include ACI or until it begins to provide residential local exchange service.
