Barbara Hjelle,

I have carefully reviewed your attached objection letter. Please consider this email as my official support of your concerns and objections.

I have been a resident of Dammeron Valley for the past 5 years. Prior to moving to Dammeron Valley, I was a Utah State certified water system operator and the primary responsible operator for a water system similar in size and design to the Dammeron Valley Water Works.

Based on my residency and on my professional experience, I find your objections to be valid and they need to be addressed! I appreciate your bringing these objections to the Public Service commission.

Please feel free to contact me if you would like any additional information or if there is anything else I can do to support your position. Also, feel free to share my information and this email of support with the Public Service Commission.

Thank You
Michael L Thomas
Dammeron Valley, Utah
