SUBJECT: Request for additions to tariff.

RE: Docket No. 08-010-01, 08-010-T01

It has been brought to my attention that two items of concern have not been addressed in the new rate increase/tariff.

I would like to have added in the tariff the following items:

A late payment service charge of \$10.00 will apply to the customer's statement, or an interest based service charge of 1 ½ % per month, whichever is greater.

NSF's or returned checks will have a fee of \$20.00 per incident added to the customers account.

I would appreciate this consideration as I feel it will encourage customers to pay their bills in a timely matter. Our company needs this cash flow to meet our own monthly obligations.

Please contact me with any questions. 801 391-1105 cell phone

Thank you,
Rodger Smith, President
