Subject: 2008 Utah PSC Report for Wolf Creek Ranch

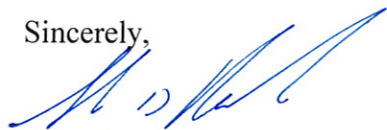

Dear Mr. Hicken:

Per our conversation last week regarding the PCS report for the Wolf Creek Ranch Water System. The Jordanelle Special Service District is now the governing body for the Wolf Creek Water System, and feels it should no longer be classified as a *Privately Owned Class C Water System*. Based on this, the Jordanelle Special Service District would like to request an exemption to the requirement for completing the PSC report.

Also we are currently in the process of completing the 2008 Water Use Data Report for the Utah Division of Water Rights. This report includes all water rights, water use, revenues, and expenditures for the Wolf Creek Water System.

Thank you for your assistance with this. If you have any questions feel free to contact me at (435) 333-0475.

Sincerely,

Shane D. Paddock
Treatment Manager
