re: Filing of Proposed Tariff, Bumblebee Water System, Inc.
And
Docket No. 13-2567-01, Application of Bumblebee Water System, Inc. for a Certificate
of Convenience and Necessity to Operate as a Public Utility;
Updated Exhibits and Responses to Division of Public Utilities Information Requests

Dear Members of the Public Service Commission:

Enclosed with this letter are an original and six copies of a proposed Tariff for Bumblebee Water System, Inc., located in Iron County, Utah. I had believed that the Tariff could be approved as part of the Application for Certificate of Convenience and Necessity for the water system to be regulated as a public utility, but the Division of Public Utilities has informed me that the Tariff needs to be filed separately.

Please accept that filing and advise this office of any additional information or documents needed.

Also, enclosed please find originals and six copies apiece of some updated Exhibits to the application of Bumblebee Water System, Inc. for the Certificate of Convenience and Necessity. This is in response to the Division of Public Utilities' information requests, and revisions to those Exhibits which resulted from the information being generated.

Again, please accept that filing and advise this office of any additional information or documents needed. A CD-ROM with electronic copies of these documents is also enclosed.

Sincerely,

BLANCHARD LEGAL SOLUTIONS, PC

BRENT A. BLANCHARD

cc: Bumblebee Water System, Inc.
