Re: Bumblebee Water System, Inc.
Acknowledgment of Amended By-Laws, and reminder concerning open tariff docket;
Docket Nos. 13-2567-01 and 13-2567-T01

Dear Mr. Blanchard:

As you are aware, the Commission issued a Report and Order on January 2, 2014 ("Commission Order"), approving a certificate of public convenience and necessity (Certificate No. 2567) in Docket No. 13-2567-01. The Commission's Report and Order also instructs the Company to provide a copy of its amended bylaws to the Division. On March 5, 2014, the Division notified the Commission that it had received a copy of the Company's amended bylaws. Accordingly, the Commission acknowledges Bumblebee Water System, Inc.'s satisfaction of this part of the Commission's Order.

The Commission's Order also states: "As of the date of this order, the Company's tariff filed in Docket No. 13-2567-T01 is suspended until the Commission issues a final order after a hearing is held." Please note that this suspension is still in place. Further, as noted in the Division's March 5, 2014, memo filed with the Commission, the Division is unable to make a recommendation concerning the pending tariff until the Company responds to the outstanding discovery requests from the Division, which the Division notes have gone unanswered for over 100 days. Please be advised that the Company is not allowed to provide water service to the general public until its tariff is approved by the Commission.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
