Re: In the Matter of the Rate Application of Community Water Company, Docket Number 15-098-01.

RECOMMENDATION:

Proceed with Community Water Company, LLC's Application to Approve Proposed Water Service Schedules and Rates on the basis that it is a complete filing and continue with the Public Service Commission's Notice of Scheduling Conference on September 3, 2015.

PROCEDURAL HISTORY:

On or about July 21, 2015, Community Water Company, LLC, ("Community Water") filed an Application to Approve Proposed Water Service Schedules and Rates with the Public Service Commission of Utah ("Commission").

The Utah Administrative Rule R746-700-1. C. Lists general information regarding minimum filing requirements for a complete filing for all public utilities. Rule R746-700-50 lists the specific filing requirements for a general rate case application of a water corporation. The Division of Public Utilities ("Division") analyzed and compared the information contained in Community Water's application to the filing requirements listed in Rules R746-700 and R746-700-50 and has verified that it is a substantially complete filing.
