Hi Brooks.

If this is a presentation you are going to use in your presentation you should notify the Public Service Commission.

Mark

Subject: Fw: Irrigation Map

To: Mark Long <[mlong@utah.gov](mailto:mlong@utah.gov)>

Mark,

This map shows the extent of irrigation water allocated throughout Dammeron Valley. I'll be using it in my presentation.

Brooks

**Subject:** RE: Irrigation Map

Here is the final product. We left a copy up front for Andrew to pick up.

We have to turn in plats 30 days before planning commission. The dates for August and September are the 11<sup>th</sup> in August and the 8<sup>th</sup> in September. Looks like we would need to submit by August 8<sup>th</sup> to meet the September meeting.

**Subject:** Re: Irrigation Map

Todd,

I missed one more parcel that is totally irrigated. Its tax number 7200-G-DVF located in the center of the Valley. It's the Town Park which we provide water for. Otherwise it looks good. With this change go ahead and print us a large copy. Andrew will come by and pick it up.

What are the dates we have to file to be on the planning commission for prelims on our plats? Give the dates for filing and the meeting dates for both August and September.

Thanks, Brooks

**Subject:** RE: Irrigation Map

Hey Todd,

The map looks great. My dad wants just a couple of adjustments made. He no longer wants the lots with irrigation shares to have a number on it. Instead, all the lots that have just one irrigation share will show a smallish green dot. And any lot that has 2 or more irrigation shares will show a larger green dot. I apologize for making you waste the time with the numbers.

Also, there is another field that he wants to have filled in with green. One the right side of the map there is a 5 acre rectangular field that you already filled in with green. Above it is another field that has 18 shares on it. Remove that number like you will with rest of the lots, and fill that field in with green. I can stop by your office if you would like me to explain things better.

Thanks again,

Andrew Pace

Brooks and Andrew,

Here is a pdf of the map that you asked us to prepare. If this looks ok we can print this full size for you.
