**SUBJECT: Supplement to WaterPro Docket No. 16-2443-01**

Mr. Widerburg,

On January 18, 2017 the Commission received a rate case application from WaterPro Inc.. This application was considered incomplete and several additional documents were requested and sent electronically to the Commission representative Paul Hicken.

Those document were however not submitted directly to the Commission as part of Docket No. 16-2443-01. This letter is drafted to correct this issue and to submit those documents as supplement to the original application thus making it a complete application.

If you need additional information or have questions regarding the attached information please contact me at WaterPro at 801-571-2232

Respectfully,

Darrin L. Jensen-Peterson
