LETTER OF EXEMPTION NO. 232.

May 8, 2017

Peter C. VanderMeide
HC 74 Box 6020
10280 W. 17400 S.
Cove Fort, UT 84713

Dear Mr. VanderMeide,

The Public Service Commission of Utah (PSC) has reviewed the records you submitted on April 10, 2017, through which you request to be exempted from PSC regulation in your administration of a shared well agreement. On the recommendation of the Utah Division of Public Utilities, and pursuant to Utah Code Ann. § 54-2-1(35), the PSC finds that the terms of the shared well agreement does not create a water system that is managed or operated "for public service within this state." Therefore, the PSC finds that the requested exemption is permitted.

Please be advised that this Letter of Exemption No. 232 is granted pursuant to the records you have provided to the Utah Division of Public Utilities and the PSC. You have a continuing obligation to update the PSC within 30 days of any change in the information contained in those records.

This Letter of Exemption No. 232 is revocable for cause at any time. Please refer to this letter number in any future correspondence with either the PSC or the Utah Division of Public Utilities.
