Pineview West Water Company (2438) of Eden, UT is planning to request a rate review. We hope to have all needed data by the end of Dec 2019 and to file shortly thereafter.

Primarily we are requesting:

1. A conservation rate increase to encourage users to conserve culinary water against irrigation abuse.
2. Minor increase to cover needed expenses such as electronic telemetry meters.
3. Increase in the connection fees to cover the realistic impact of future home building and its impact on our water supply and infrastructure.
4. Modification of our recognized service area to reflect actual fact. The existing one is very old. It was created when the plat maps included other phases of development, now defunct, and additional water sources that were never built.

I have been in discussions with Mark Long about our plans.

Peter
