To: psc@utah.gov

Our Accountant spoke with your department to see what we needed to do about filing the Annual water report. Canaan Springs Water Company's water and assets was bought by Big Plains Water and Sewer Special Service District. It was bought 6/21/18. At the time of the sale, Canaan Springs Water was providing service to thirteen customers. Big Plains Water and Sewer Special Service District is now providing service to those customers. Canaan Springs Water Company is now closed.

If you need any further information let me know.

Thank you

Kirk Webb
