

Water and Wastewater Companies

Application for Public Service Commission Regulation or Exemption

Enclosed is an application designed by the Division of Public Utilities (DPU) intended to assist an applicant in determining if a water system qualifies as a public utility. Public utilities are subject to regulation by the Utah Public Service Commission (PSC or Commission).

In the regulation of water companies, the PSC can issue one of two different designations. The first is a Certificate of Public Convenience and Necessity (CPCN). A CPCN is required for any public utility providing service to the public generally. The Public Service Commission regulates companies with this designation. The second designation is a Letter of Exemption (LOE). An LOE is provided to companies providing water service that is limited to its members only and is not delivered to the public. As long as the company serves only its members, it is not serving the public generally. It is irrelevant how a member acquires their member status as long as a member's rights and duties are different than those of nonmembers.

Below is a list of governing rules and definitions that will help provide guidance in filing an application with the Public Service Commission. Please note that this is not a complete list of applicable rules and definitions that a company may need when applying for a CPCN or LOE.

Questionnaire

Please fill out the following questionnaire to assist you in determining if you are subject to PSC regulation. *(Please check only one for each question.)*

Q1. Is this company providing water to anyone other than the owner (two houses or more)?:

Yes

If “**Yes**,” then please continue to **Question Q2**.

No

If “**No**,” then this company or water distribution system is not subject to PSC regulation. You are not required to register with the PSC at this time. If your circumstances change, you may be required to register with the PSC at a later time.

Q2. Is the company serving its members only and not to the public generally?

Yes

If “**Yes**,” then this company appears to meet the criteria to be exempt from PSC regulation. Please complete and provide the information requested in **Sections A, C, and D**.

No

If “**No**,” then this company meets the criteria requiring it to be regulated by the PSC. Please complete and provide the information requested in all the sections (**Sections A, B, C, and D**).

Legal name of applicant (company name): North Fork Cottages Water Company

Please Note: The information requested in the following sections covers the basic items of interest to the Division of Public Utilities. The list does not necessarily include all things the Public Service Commission and the Division of Public Utilities need to review in the application procedure. Additional details may be requested as the Division and Commission become more familiar with the applicant's particular circumstances.

The following items are required with this application for ALL applicants, both regulated and exempt.

The following documentation **MUST** be provided to be considered complete. Incomplete applications will **NOT** be considered.

- If doing business in Utah, please provide a copy of your Business License verifying proof of authority to conduct business in Utah. *(Attachment required)*
- Please provide verification of the review and approval of the water system by the Division of Drinking Water. *(Attachment required)*
- Please provide maps (8 ½" x 11") showing the location of the proposed water system relative to nearby towns and highways and the proposed platted subdivision. This map must also show the names and service area of any water utilities that are providing or proposing to provide similar service near or in any part covered by this applicant. *(Attachment required)*
- I certify that this proposed water utility will not conflict with or adversely affect the operations of any existing certified public utility which supplies the same product or service to the public and that it will not constitute an extension into the territory of an existing public utility.
