

Attachment No. 2

Please provide documentation of the review and approval of the water system by the Division of Drinking Water. If approval of the water system is pending, please provide documentation indicating its status and contact information of who you are working with at the Division of Drinking Water.

The application for New Public Water Systems has not yet been submitted to the Division of Drinking Water. However, the southwest Utah District Engineer, J. Paul Wright, has been made aware of this proposed water system via phone. The application will be submitted to him for approval once completed.
