Date: December 17, 2021

Re: **Docket No. 21-540-01**, Lakeview Water Corporation's Application For Approval To Expand Service Area.

Request for Time Extension

On November 24, 2021, the Public Service Commission ("Commission") issued an Action Request due on December 23, 2021, to the Division of Public Utilities ("Division") to review and make a recommendation on Lakeview Water Corporation's (Lakeview Water) application to expand its service area.

The Division issued a Data Request to Lakeview Water on November 29, 2021, seeking additional information regarding its application. The Division spoke to Lakeview Water's representatives on December 14, 2021, to discuss the status of the Data Request and was informed that due to the holidays, Lakeview Water needs additional time to coordinate with its engineering firm to adequately respond to the Data Request. To give Lakeview Water time to confer with its engineering firm and the Division time to review the Data Request response, the

Division will file its recommendation no later than January 28, 2022. Therefore, the Division requests the Commission to extend the due date to January 28, 2022.
