***Re: Notice of Mountain Sewer Corporation's Intent to File Application for Approval of General Rate Increase with the Utah Public Service Commission***

Dear Customer,

This notice ("**Customer Notice**") serves to inform you that Mountain Sewer Corporation ("**Mountain Sewer**") will be filing an Application for Approval of General Rate Increase ("**General Rate Case Application**") with the Utah Public Service Commission ("**Commission**"). Under Utah law, the Commission exercises jurisdictional control over the service rates of public utilities.<sup>1</sup> The last rate increase was in 2012.

Before any such change in Mountain Sewer's service rates may take effect, Mountain Sewer is required to provide 30 days' non-binding notice ("**Non-Binding Notification**") to both the Commission and the general public of its intent to increase its service rates.<sup>2</sup> Enclosed is a copy of the Non-Binding Notification that was filed with the Commission.

Upon filing the General Rate Case Application, the matter will be kept open for "public inspection" of the proposed changes to Mountain Sewer's service rates.<sup>3</sup> Information regarding the forthcoming Application may be obtained by contacting the Commission and searching Docket No. 22-097-01 on the Commission's website: <https://psc.utah.gov/>.

---

<sup>1</sup> See Utah Code Ann. § 54-4-1 ("The commission is hereby vested with power and jurisdiction to supervise and regulate every public utility in this state, and to supervise all of the business of every such public utility in this state, and to do all things, whether herein specifically designated or in addition thereto, which are necessary or convenient in the exercise of such power and jurisdiction.").

<sup>2</sup> See *id.* § 54-3-3 ("Unless the commission otherwise orders, no change shall be made by any public utility in any rate, fare, toll, rental, charge or classification, or in any rule, regulation or contract relating to or affecting any rate, toll, fare, rental, charge, classification or service, or in any privilege or facility, **except after 30 days' notice** to the commission and to the public as herein provided.") (emphasis added); Utah Administrative Code R746-700-1(B) ("A public utility anticipating to file a general rate case . . . application shall file with the Commission a **non-binding notification** of its intent to file such application at least 30 days prior to the anticipated filing date of the application. The notification shall be served on all parties that participated in the public utility's last prior general rate case . . . proceeding.") (emphasis added).

<sup>3</sup> See Utah Code Ann. § 54-3-3 ("Such notice shall be given by filing with the commission, **and keeping open for public inspection**, new schedules stating plainly the change or changes to be made in the schedule or schedules then in force, and the time when the change or changes will go into effect.") (emphasis added).
