To: psc@utah.gov, Nancy Watterson <wattersongrading@msn.com>

To whom it may concern,

I hope this email finds you well. My name is Shelby Watterson, and I am writing to provide a response to the docket case #23-001-01 concerning the formal complaint against Bridgerland Water Company. As the granddaughter and advocate of Mr. Steven Watterson, I have been assisting him throughout this process.

Unfortunately, due to my grandfather's limited familiarity with computers and online platforms, he was unaware of the information that was made available on the PSC website regarding his docket. However, we have recently gathered all the necessary details and have prepared a comprehensive response.

To ensure a smooth and efficient communication process, I have attached a PDF document containing our response to the docket case. We kindly request that you review the attached document, as it provides a detailed account of our position and supporting evidence.

Should you require any further information, clarification, or additional documentation, please do not hesitate to reach out to me. I am readily available to assist and provide any necessary assistance to facilitate a fair resolution to this matter.

Thank you for your attention to this case, and we appreciate your time and consideration. We look forward to a prompt response and a satisfactory resolution.

Kind regards,

Shelby Watterson
