Dear Sir,

In a notice issued June 26, 2023 it is stated that Bridgerland Water Company (BWC) may submit a written response regarding the formal complaint on or before Wednesday, July 26, 2023. We have not received any response from BWC. Is there some place where we should be looking for their response or should we proceed with submitting additional information and assume that they have chosen not to respond?

For your information, on July 11, 2023 we received an email from Tana Heninger that included a copy of the email we sent to you on July 10, 2023 and the email you sent to her on July 11, 2023. We are not sure why this email was forwarded to us as it did not contain any response or new information.

We would like to submit additional information prior to the August 10, 2023 date noted in the June 26, 2023 letter whether or not BWC responds.

Thanks again for your assistance and guidance in this matter as we move forward.
