In previous documents and correspondence we have mistakenly noted that the year of the BWC line freezing prior to this year was 2021. We now believe that the previous time the line froze was January 2019. We apologize for this mistake and any inconvenience our mistake may have caused others.

The one place where this mistake may be relevant is in BWC's dispute of our claim that Ted Wilson waived our water payments for a period of time following the previous freezing of the line (2019). As such, we request that BWC review their payment records and be prepared to share at the hearing on September 27, 2023 any information they may have concerning payments we made in 2019.

Again, we apologize for this mistake.

Sincerely,
Martell and Ronda Menlove
