TO WHOM IT MAY CONCERN:

I realize that I am beyond the 30 days allowed for an Agency Review or Rehearing on this Docket No. However it is my intent to follow the steps necessary to have this complaint heard by the PSC. As such I have a few questions that I would appreciate a response to as I prepare to resubmit this complaint to assure that the complaint is fully considered.

Although I don't agree with some of the conclusions arrived at in the Order Dismissing the Complaint, I will not address them at this time but will address them when the complaint is resubmitted.

The procedural questions I have are as follows:

1. Is there a specific form or format required as I gather the signatures of not less than 25 consumers?
2. Is there a specific form to be used in my request to Garden City or Rich County requesting formal review of this complaint?
3. Can the Bridgerland Village Home-Owners Association Board of Directors request and receive a formal review of the complaint? The Bridgerland HOA membership is basically the same as the BWC list of customers.
4. Can a vote, either by voice or by paper ballot, taken at the annual meeting of the HOA satisfy the 25 customers requirement?

I apologize but I do have one question from the Order: Are the financial records referred to in paragraph one, page two of the Order, public records and can I request a copy of such records for the past five (5) years.

Again, I thank you for your assistance and look forward to your guidance as I consider potential next steps concerning this issue.

Sincerely,
Martell Menlove
