

To Our Valued Wanship Cottage Owners,

As you know, DeAnn Geary retired last year after having run this small water company for over 30 years. We all owe her a big thank you for her service, keeping the water flowing with a very limited budget.

A new entity was created last year to operate and own this small water company that we all depend on (NOTE NEW NAME AND ADDRESS FOR CHECK PAYMENTS). I have been helping DeAnn over the last several years with some loans to pay for needed repairs and purchased the company last year so she could retire. My goal, if we can get the community support, is to turn this into a community-owned water company. But we have some work to do to get to that point. The system needs some long overdue updates, and the public service commission will make us do a rate increase. The rates, as DeAnn pointed out, have not increased since 1988. Everything costs more today, and we desperately need to make some improvements to our water system to keep it going. We will be working with the Public Service Commission to create a new rate this year so that the water company is in better financial order.

Like years past, we are billing the full-year assessment of \$228.00 at once to reduce our costs.

If you are unable to pay the assessment all at once, you may still send in quarterly payments. However, we will NOT be issuing Quarterly invoices. The more we spend to collect payments and time bookkeeping the more we have to charge, so we appreciate your support to keep costs down and send in your payment as soon as possible.

The amount of \$228.00 constitutes payment for one year of water service, which is: January 1, 2023, through December 31, 2023.

Please send your payment to:

Wanship Water Co., 5000 Old Meadow Ln, Park City, UT 84098

In the event of water service disruption or problems, you can reach Jeffrey Harkness at 385-260-9521. You can also reach me, Grady Kohler, directly at 801-815-4663. If there is no answer, please leave a message. I appreciate your support and look forward to a more reliable water system in the coming years.

Sincerely,

Grady Kohler

Wanship Water Co. / 5000 Old Meadow Ln, Park City, UT 84098

In the spring we plan to hold an open forum at the pump house. Date and details to follow via email. We desperately need YOUR contact information. Emails and phone numbers are mandatory item we need as well as accurate Site and Billing addresses. Please understand that simple things like sending electronic billing can greatly reduce the water companies expenses and that reduces the rates we have to charge. So please everyone return the below with your payment as soon as possible even if you think you gave this information to DeAnn. Thank you!

Customer Name: _____

Email address: _____

Phone Number: _____

Site Address: _____
