Good morning --

In April of this year, you and I exchanged letters/emails regarding what I believe may be questionable billing practices by Highlands Water Company and its affiliate, Mountain Green Investments. My inquiries were in response to Highlands Water Company's "Rate Review Request" -- Docket No. 24-010-01.

At your suggestion, I have also contacted the Division of Public Utilities about these matters.

Could you please provide me with an update insofar as Highlands Water Company Rate Review Request is concerned?

Thank you very much ---

Bob woodcock
